EXPERIENCE

Full Stack Developer

Freelancer

📅 08/2022 - Present 📍 Argentina

Assisted in the development of web applications

Collaborated with small teams in debugging and testing

I worked as a Scrum Master, facilitating agile ceremonies and promoting team collaboration

Operations Manager

Correo Argentino

📅 03/2020 - 05/2024 📍 Argentina

I successfully led a team of more than 3,000 people distributed in 68 operating plants within the metropolitan area of Buenos Aires, including Capital Federal and Greater Buenos Aires.

I was responsible for the comprehensive management of distribution logistics, supervising a fleet of almost 1,000 vehicles to guarantee efficiency and punctuality in daily operations.

I implemented process optimization and logistics coordination strategies that significantly improved delivery times and reduced operating costs, contributing to the fulfillment of the company's corporate objectives.

Additionally, I was in charge of electoral logistics in the region, coordinating the deployment and collection of electoral materials with precision, transparency and meeting strict deadlines.

Head of Management and Process Control

Correo Argentino

📅 07/2005 - 03/2020 📍 Argentina

I led a team of 15 professionals, composed of auditors and analysts, with a dual focus on the development and monitoring of key performance indicators (KPIs) and the management of operational processes.

My main responsibility included the design, implementation, maintenance and control of various indicators, ensuring that they accurately reflected organizational performance.

Additionally, I designed and optimized critical operational processes, supervising their correct execution, and implementing corrective actions when deviations were detected to guarantee compliance with quality and efficiency standards.

My work was key to aligning KPIs and processes with the strategic objectives of the organization, contributing significantly to the improvement of efficiency and operational quality.

SUMMARY

Hello, I'm Mariano Hilario. With a solid track record in operational management and process optimization in large organizations such as Correo Argentino, I have led teams and improved operational efficiency. Over the past two years, I have specialized in fullstack web development, gaining skills in HTML, CSS, JavaScript, TypeScript, Node.js, React, and more. My experience combines an analytical approach with a passion for technology, allowing me to create innovative and efficient solutions. I seek opportunities to apply my technical knowledge and leadership skills to drive web application development and improve business profitability.

EDUCATION

FullStack Web Development

Coderhouse

📅 03/2022   📍 Argentina

- I completed a Full Stack Web Development program at Coderhouse in Argentina. The course focused on Full Stack Development, providing me with comprehensive skills in both front-end and back-end web development.

Electronics Technician

Technical education school No. 8

📅 01/1995 - 01/2000   📍 Argentina

- I completed my education as an Electronics Technician at Technical Education School No. 8 in Argentina, from January 1995 to January 2000. This high school program provided me with a solid foundation in the design, installation, maintenance, and repair of electronic systems and equipment.

Bachelor of Business Administration

Catholic University of Salta

📅 01/2001 - 01/2005   📍 Argentina

- I hold a Bachelor of Business Administration from the Catholic University of Salta, Argentina, where I acquired the essential skills and knowledge to effectively manage an organization. My education provided me with a solid foundation in business administration, including accounting, financial management, human resources management, operations management, marketing, and project management. Additionally, I developed strong decision-making skills, expertise in data analysis, and the ability to solve complex business problems.
