PROFILE

Full Stack Developer with experience building scalable web applications using React, Next.js, TypeScript and Node.js. Skilled in designing and developing REST APIs, real-time systems, and end-to-end web solutions with a strong focus on performance, usability, maintainability, and clean architecture. Combines a software engineering mindset with more than 20 years of operational leadership experience, bringing a business-oriented approach to problem solving, process optimization, and product development. Leverages AI-powered tools to improve development workflows, productivity, code quality, and solution delivery.

Mariano Hilario

FULL STACK SOFTWARE ENGINEER

PROFESSIONAL EXPERIENCE

NOV 2024 – PRESENT | JOBCHAIN **Frontend Developer**

- Develop scalable web applications using React, Next.js and TypeScript.
- Build complex user interface flows focused on stability and user experience.
- Optimize application performance through lazy loading, memoization and rendering improvements.
- Integrate frontend applications with REST APIs and backend services.
- Collaborate closely with designers using Figma to deliver pixel-perfect implementations.

AUG 2022 – PRESENT | FREELANCE **Full Stack Developer**

- Design and implement REST APIs using Node.js and NestJS.
- Develop full-stack web applications using React, Next.js and TypeScript.
- Design and manage relational and non-relational databases (PostgreSQL and MongoDB).
- Build real-time features using WebSockets and messaging systems.
- Integrate third-party services and external APIs.
- Deploy, maintain and support production-ready applications.

2005 – 2024 | CORREO ARGENTINO **Operations Management**

- Led large-scale operational teams of more than 3,000 people in complex, high-demand environments.
- Designed and optimized operational processes, KPIs and workflows, improving efficiency and service quality.
- Managed critical operations requiring high availability, traceability and strict service-level compliance.
- Developed strong expertise in process analysis, operations management and business-oriented problem solving.
- Experience now applied to software development focused on scalability, process optimization and business value.

TECHNICAL SKILLS

- Backend:
 - Node.js, NestJS, Express, APIs REST
- Bases de datos:
 - PostgreSQL, MongoDB
- Frontend:
 - React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind
- Otros:
 - Redux, Git, GitHub, GitLab, WebSockets, Jest, Docker, WordPress

EDUCATION

2024–2024 | SOY HENRY
Full Stack Development Program

2022–2023 | CODERHOUSE
Full Stack Development Program

2001 - 2005 | CATHOLIC UNIVERSITY OF SALTA
Bachelor's Degree in Business Administration
